

National Institutes of Health
Clinical Center

Washington Regional Nursing Research Consortium (WRNRC) Educational Offering

Presented at the

***National Institutes of Health,
Clinical Center***

Tuesday February 18, 2020

2:00pm-4:00pm

Lipsett Amphitheater

Nurse researchers describe their experience using Evidence Based Practice (EBP) and Quality Improvement (QI). They focus on steps in the process, including critical appraisal of the evidence, evidence based decision making, project development, implementation and team work. Common challenges and achievements are shared.

“Journeys into Nursing Research”

A Closer Look at Blood Draw Volume Practices in Research Patients

Across a Hospital System: A Nurse Driven QI Project

Patricia Todd, DNP, APRN, PCNS-BC

And

Code Lavender: Improving Nursing Resiliency

Eugena Bergvall, DNP, AGACNP-BC, AGCNS-BC, ACCNS-AG

Clinical Center Nursing Department, National Institutes of Health
